

DQB421-C

单位: mm

Specification For Approval					
Rated Voltage	7.4V				
Rated Current	≤880mA				
Air Flow WithoutLoad	≥5.5L				
Pressure	600-850mmHg				
Maximum vacuum pressure	≥120Kpa				
Vacuum pressure characteristics	Only suitable for use in simple pumping environment such as (gas cycle)				
Leakage	<6mmHg/min(500cc, from 0 to 280mmHg)				
Apply	Air				
Life Test	>30, 000 cycles(500cc, open 10s, stop 5s)				
Environment	5°C ~55°C				
Packing way	Inner package	30PCS/tray	94g	450*280*40	
	Outer package	210PCS/carton	420g	470*290*265	
Noise Level	<62dB@30cm				
General	Mainly used for baby products, medical care. Health and household appliances, and other products
